Career Objective

To secure a UI/UX Designer role that allows me to utilize my skills in tools like Figma, Adobe XD, and prototyping software, while contributing to modern and responsive user interface designs. Looking forward to solving real-world problems through innovative design.

Education

BTech civil engineering	70%	2020-2024
Intermediate	70%	2018-2020
SSC	9.7 CGPA	2017-2018

Skills

Designing:

Photoshop, Figma, Adode XD, Illutrator.

Development:

Html, CSS, Javascript, Bootstrap, Wordpress

Certifications

UI/UX Developer:

Currently pursuing UI/UX Developer Certification at Tech Mahindra SMART Academy, gaining hands-on experience in design tools, wireframing, prototyping, and front-end basics to create user-friendly digital interfaces and experiences.

Projects

To-Do List Application

A simple yet functional to-do list app built with JavaScript, HTML, and CSS. It allows users to add, edit, and delete tasks, with local storage for saving tasks across sessions.

Personal Portfolio Website

Designed and developed a personal portfolio website using JavaScript to display my skills, projects, and achievements. Includes interactive elements like smooth scrolling, animations, and a contact form.

Achievements

Extracurricular Activities

Organized a college tech fest, leading a team of 10 to plan and execute workshops, speaker sessions, and coding challenges, improving teamwork and event management skills.

Volunteer & Mentorship Roles

Worked as a volunteer for college cultural events, managing registrations, coordinating with teams, and ensuring smooth event execution, developing organizational and leadership skills.
